### Manning of Booth

Exhibitors' stand must be fully manned at all times by alert staff. Never leave property unguarded, even for a few seconds. Entertain all customers entering the stand closely and present minimum items each time.

### Report Crime

In the event of any emergency and suspicion, exhibitors should report immediately to:

- a) The Organiser (HKTDC duty staff at Fair Management Office)

### **5.13. Internet Access at the Fair**

To ensure smooth Internet access during the fair period for business usage that requires stable connection (such as website demonstration, download of multimedia files, remote access to company server, etc.) throughout the Fair, exhibitors are advised to order a dedicated Broadband Line inside your booth, instead of relying on the Wireless LAN service provided by HKCEC (Please refer to FORM 5 in the "Order Forms").

All exhibitors are kindly reminded that the free Wireless LAN service operated by HKCEC intends only for light and casual usage by a limited number of users simultaneously. The wireless connection may fail or become slow and/or unstable during the fair period, and the logged in device will be disconnected from the Service if there is a prolonged idle time of 240 minutes.. As an alternative to the free Wireless LAN service, broadband connection will be set up by HKTDC in designated areas of the Fair for both exhibitors and buyers. Exhibitors are advised, if needed, to rent their own Wi-Fi router or pre-paid sim card for the use of e-payment devices that do not support broadband line connection.

If you encounter any problem with the Wireless LAN service onsite, please approach the Fair Management Office set onsite for assistance.

Whether your materials will be picked up for publishing is totally at the media's discretion. All submitted materials will not be returned.
